---

Dear Mayor, Vice-Mayor and City Counilors,

I am a new Cambridge resident who looks forward to calling this my home for a while. I am the child of an immigrant from Serbia and thus, care deeply about immigrant communities and immigrants' rights.

That's why I find it so critical for t**he City of Cambridge to at least hear what the Massachusetts Against Hewlett Packard Campaign has to say,** as there are so many Cambridge residents - myself included - who care about seeing Cambridge continue to stand on the right side of this issue.

I **eagerly look forward to watching the Councilors vote with their conscience on the issue to be discussed on April 23rd.** I hope I can continue to call my new home a place that supports and protects immigrants!

Sincerely,
Nevena Pilipovic-Wengler
